Important note

In January we notified you of the changes we were making to simplify the presentation of our factsheets. From February 2009 the monthly investment manager fund commentary is being written on a quarterly basis. However, your monthly factsheet will continue to include data on performance, substantial holdings, market capitalisation and sector splits.

The next investment review for the Rathbone Blue Chip Income and Growth Fund will be available in January 2010. Subsequent updates will be produced in April, July and October. The reports will be available on request by e-mailing rutm@rathbones.com and in future can be found online at www.rutm.com. Please advise us if you would like to receive it by email on a regular basis by calling 020 7399 0399.

We shall continue to develop and deliver timely fund information, including more informative reviews of our funds and various other reports, which will be available on our website.

Investment objective

The objective of the fund is to achieve an above average and steadily increasing income return coupled with capital growth from a portfolio of transferable securities. The Manager's present intention is that not less than 75% will be invested in transferable securities issued by UK companies. There will be no specialisation in any other geographic area or in any industrial or economic sector.

To meet these objectives, the fund may also invest, at the Manager's discretion, in other transferable securities, money market instruments, warrants, cash and near cash, deposits and units in collective investment schemes. Use may be made of stocklending, borrowing, cash holdings, hedging and other investment techniques permitted by the FSA Rules. The value of investments and the income from them may go down as well as up and you may not get back your original investment.

Further information

***Prior to 1 March 2009 this fund was called Rathbone Income and Growth Fund.**

Copies of the Prospectus, Simplified Prospectus (incorporating Key Features) and application forms may be obtained, free of charge, from Rathbone Unit Trust Management Limited.

Emerging markets are volatile and may suffer from liquidity problems. Changes in rates of exchange between currencies may cause the value of investments to decrease or increase.

Details of tax levels and reliefs may change in the future. The value of any tax relief depends on individual circumstances. If you have doubts about your tax position, or the suitability of this product, you should seek professional advice.

The Manager's annual fee is taken from capital. This will mean that capital may be eroded or growth restricted to the extent of the charge and that, while there may as a result be a reduction in liability for Capital Gains Tax, there will be some increase in Income Tax liability for tax paying unitholders.
